Subject: Grant of Environmental Clearance (EC) to the proposed Project Activity
under the provision of EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application for Environmental Clearance (EC)
in respect of project submitted to the SEIAA vide proposal number
SIA/MH/INFRA2/405237/2022 dated 05 Nov 2022. The particulars of the
environmental clearance granted to the project are as below.

- EC Identification No.** EC23B038MH187869
- File No.** SIA/MH/INFRA2/405237/2022
- Project Type** Expansion
- Category** B
- Project/Activity including
Schedule No.** 8(a) Building and Construction projects
- Name of Project** Proposed Expansion of Residential cum
Commercial Project (E.W.S. Scheme)
with Bungalows on land bearing
S.No.350E, S.No.350/1/D,
S.No.350/A/16/3, S.No.350/1/A/3/C,
S.No.350/A/1/2, S.No.350/1/A/3/7,
S.No.350/A/1/A/3/B, S.No.19/B/9,
S.No.18/3, S.No.19/A/14, S.No.19/10/C,
S.No3, S.N.19/10.19/A/21, S.No.19/17 At
Village Virar, Taluka Vasai, District
Palghar by Prasadam Associates
- Name of Company/Organization** PRASADAM ASSOCIATES
- Location of Project** MAHARASHTRA
- TOR Date** N/A

The project details along with terms and conditions are appended herewith from page
no 2 onwards.

Date: 21/07/2023

(e-signed)
Pravin C. Darade , I.A.S.
Member Secretary
SEIAA - (MAHARASHTRA)

*Note: A valid environmental clearance shall be one that has EC identification
number & E-Sign generated from PARIVESH. Please quote identification
number in all future correspondence.*

Subject : Environment Clearance for proposed expansion of Residential cum Commercial Project (E.W.S. Scheme) with Bungalows on land bearing S.No.350E, S.No.350/1/D, S.No.350/A/16/3, S.No.350/1/A/3/C, S.No.350/A/1/2, S.No.350/1/A/3/7, S.No.350 /A /1 /A /3/B, S.No.19/B/9, S.No.18/3, S.No.19/A/14,S.No.19/10/C, S.No3, S.N.19/1o.19/A/21, S.No.19/17 at Village Virar, Taluka Vasai, District Palghar by M/s.Prasadam Associates.

Reference : Application no. SIA/MH/INFRA2/405237/2022

This has reference to your communication on the above-mentioned subject. The proposal was considered by the SEAC-2 in its 203rd meeting under screening category 8 (a) B2 as per EIA Notification, 2006 and recommend to SEIAA. Proposal then considered in 261st (Day-4) meeting of State Level Environment Impact Assessment Authority (SEIAA) held on 16.06.2023.

2. Brief Information of the project submitted by you is as below:-

Sr. No.	Description	Details
1.	Proposal Number	SIA/MH/INFRA2/405237/2022
2.	Project Name	Proposed Expansion of Residential cum Commercial Project (E.W.S. Scheme) with Bungalows on land bearing S.No.350E, S.No.350/1/D, S.No.350/A/16/3, S.No.350/1/A/3/C, S.No.350/A/1/2, S.No.350/1/A/3/7, S.No.350/A/1/A/3/B, S.No.19/B/9,S.No.18/3,S.No.19/A/14, S.No.19/10/C,S.No.19/13,S.No.19/A/21, S.No.19/17 at Village Virar, Taluka Vasai, District Palghar by M/s. Prasadam Associates
3.	Project Category	B
4.	Type of Institution	Private
5.	Project Proponent	Name M/s. Prasadam Associates

		Regd. Office address	1st Floor, Fort Maurice Apartment, Veer Savarkar Road, Opp. Vasai Janta Sahakari Bank, Virar East.401303.				
		Contact number	8668333963				
		e-mail	prasadamassociates2010@gmail.com				
6.	Activity in the complex	Residential and Commercial (E.W.S. Scheme) with Bungalows					
7.	Consultant	Open Arch Design and Enviro Solutions LLP					
8.	Applied for	Expansion					
9.	Location of the project	Village. Virar, Tal. Vasai, Dist. Palghar, Maharashtra.					
10.	Total area	7559.97 m ²					
Deductions:							
11.	Total Deductions	290.70 m ²					
12.	Balance Area of Plot for Development	7269.27 m ²					
13.	CFC (Amenity)	360.91 m ²					
14.	Net plot area	6908.36 m ²					
15.	Ground Coverage	2171.87 m ²					
16.	Permissible FSI	28393.58 m ²					
17.	Proposed Built-up Area	Total FSI Area. (Existing + Proposed)				28086.08 m ²	
		Total Non FSI Area (Existing + Proposed)				3430.12 m ²	
		Total Built-up Area (FSI + Non FSI Area)				31516.20 m ²	
18.	Demolition Works	780.25 m ²					
19.	Green belt Development including Lawns	1051.30m ²					
20.	Road & Paved area	3685.19 m ²					
Building configuration details:							
21.	Existing Building (constructed)			Proposed Configuration			Reason for Modification/ Change
	Building Name	Configuration	Height (m)	Building Name	Configuration	Height (m)	
	Bldg. No.1	Gr/Stilt+9pt	29.60	Bldg. No.1 (A & B)	Stilt+Gr +12	40.60	
	-	-	-	Bldg. No.1 (C)	Gr+22	69.60	
	-	-	-	Bldg. No.2 (A)	Stilt+Gr +14	43.65	
	-	-	-	Bldg. No.2 (B)	Gr+22	66.85	
	Bungalow 1	Stilt+4	14.65	Bungalow 1	Stilt+4	14.65	
	Bungalow 2	Stilt+4	14.65	Bungalow 2	Stilt+4	14.65	

	Bungalow w 3	Gr/Stilt+1	6.80	Bungalow 3	Gr/Stilt+2	9.75	
22.	Total No. of Dwelling Units /Villas/ Plotted area/ Rooms to be constructed (No. of Bedrooms either 1/2/3)		TOTAL NOS. OF TENEMENTS= 453 Shops +39 Nos. of Offices = 70				
23.	Total Population		2637				
24.	Total water Requirements KLD		293KLD				
25.	Power Requirement & Sources		Total estimated connected power = 2183 KW & anticipated Demand load = 1841 KVA Total 3 no of Transformers will be required 3 x 250 KVA				
26.	Energy Efficiency		a) Total Energy saving (%):23.1% Solar energy (%):5.06 %				
27.	Source of water		Vasai Virar City Municipal Corporation				
28.	Water requirement & Sources		The total water requirement of the project will be approximately 293 KLD, for the Fresh Water (186 KLD), Treated Water (224 KLD)				
29.	STP location		On ground				
30.	STP technology		MBBR				
31.	Sewage Treatment & Disposal		The total wastewater generation will be 249 KLD and it will be treated in Sewage Treatment Plant of Capacity 275 KLD (145KLD+130KLD)				
32.	Underground tank (UGT)		Underground below 3mtr				
33.	No. & capacity of Rain water harvesting tanks /Pits		4 Pits				
34.	Estimated Population		Total Population – 2637 Residential Population (with floating population) – 2104 Commercial Population – 533				
35.	Parking Area		4-Wheeler = 96 2- Wheeler = 397 Parking area=1663.07m ²				
36.	Solid Waste Management during construction phase		No Labour camp will be provided local construction workers will be hired and waste generated by Labours will be handed over to contract vendor.				
37.	R.G. Area in sq.m.		RG required – 685.73 Sq.m.				
			RG provided on Mother earth - 1051.30 Sq.m.				
			Existing/Planted trees on plot: 35 Nos.				
			Number of trees to be planted: a) In RG area & on plot boundary: In Miyawaki Plantation (with area): Not sufficient space for Miyawaki plantation				
			Number of trees to be cut: NIL				
38.	Total Solid Waste Quantities with type during Operation Phase & Capacity of OWC to be installed		Number of trees to be transplanted: NIL				
			Type	Quantity (Kg/d)	Treatment / disposal		
			Dry waste	435.5Kg/Day	Handover to authorized recycler		
			Wet waste	680.35Kg/Day	OWC convertor		
		E-Waste	3.2kg/Day	Handover to			

		STP Sludge (dry)	25kg/Day	Authorized recycler Used on site for Landscaping
39.	Cost of the project	Rs 98.38 Crores		
40.	EMP cost	Construction phase: 3,45,000/- Operation Phase :2,45,000/-		
41.	CER Details with justification if any....as per MoEF & CC circular dated 01/05/2018	NA		
42.	Details of Court Cases/litigations w.r.t the project and project location, if any.	NA		

3. The proposal has been considered by SEIAA in its 261st (Day-4) meeting held on 16.06.2023 and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and conditions-

Specific Conditions:

A. SEAC Conditions-

1. PP to submit IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions as per the Circular dated 30.01.2014 issued by the Environment Department, Govt. of Maharashtra.
2. PP to obtain following NOCs & remarks:
a) Water Supply; b) CFO NOC; c) Tree NOC; d) SWM/C&D NOC.
3. Planning authority to ensure that assured water supply, sewer and storm water drainage network is made available in the vicinity of the project before issuing occupation certificate to the project.
4. PP to submit revised tree list including nos. of trees required to be planted, proposed nos. of trees to be planted in RG area & in Miyawaki plantation.
5. PP to provide pre-filtration chamber in recharge pit/bore well.

B. SEIAA Conditions-

1. PP has provided mandatory RG area of 685.73 m² on ground. Local planning authority to ensure the compliance of the same.
2. This EC is restricted up to 66.90 m height only as per Civil Aviation NOC
3. EC is further restricted for building no.1 is up to 38.30 m height as per CFO NOC.
4. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
5. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.
6. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF& CC vide F.No.22-34/2018-IA.III dt.04.01.2019.
7. SEIAA decided to grant EC for – FSI- 28086.08 m², Non FSI- 3430.12 m², Total

BUA-31516.20 m2. (Plan approval No- VVCMC/TP/RDP/VP 033319512022-23, dated-29.06.2022.)

General Conditions:

a) Construction Phase :-

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
- III. Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.
- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- XVI. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.

- XVII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
- XVIII. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
- XIX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.

B) Operation phase:-

- I. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
- III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 % treatment to sewage /Liquid waste and explore the possibility to recycle at least 50 % of water, Local authority should ensure this.
- IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
- V. The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
- VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- VII. PP to provide adequate electric charging points for electric vehicles (EVs).
- VIII. Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.

- IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
- X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
- XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at parivesh.nic.in
- XII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
- XIII. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

C) General EC Conditions:-

- I. PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.
- II. If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
- VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental

protection measures required, if any.

VII. This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.

6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.

8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
